

Connecting every child to a healthy future.

Welcome to Family Connects Oregon in Marion & Polk Counties

Families in Marion and Polk counties are being offered visits by a nurse at no cost to the family through a new program called Family Connects Oregon. The program supports the health and well-being of newborns and their families. Visits begin at about three weeks after birth.

Family Connects is a community-wide effort.

The program is starting in a small number of regions with the goal of reaching all families in Oregon over time. Marion & Polk counties will focus on those enrolled in OHP and in two zip codes, 97071 (Woodburn) and 97301 (Central Salem) as the program launches.

Family Connects Oregon nurses are trained to answer all kinds of questions.

that mothers who participate in Family Connects are less anxious, they learn more about child care resources and their babies need less emergency care at hospitals.

About Family Connects

Family Connects International® envisions a world where all children and their families have access to a continuum of community-based care to support their health and success. The Family Connects model is an evidence-based and successfully demonstrated program that connects parents of newborns to the community resources they need through postpartum nurse home visits. Family Connects was developed at Duke University and is rigorously evaluated and implemented across the U.S..

We encourage you to learn more about Family Connects Oregon and share information with the families you serve.
